Values that Mean Something

We are making every effort to crowd plenty of business into the month of August—want to make it a record month. We're backing our desire by prices that have the right jingle—styles and qualities that we feel are most pleasing—the kind that really influence your buying.

The average dealer 'lets up' a little, but it's the time this store makes extra efforts—the days when the volume of the trade means more to us than margins.

We know that if we keep your interest through the mid-summer months, you'll remember us when the autumn needs are on—you'll naturally pin your faith to the store that each and every month makes profitable buying for you; that makes it to your financial interest to always come here first. These Can't Be Beat:

Our Mocha and Java Parched Coffee at 25 cents. Our Rio Parched Coffee at 10 cents. Our Green-Rios at 9, 10 and 12½ cents. Our Teas—Black and Green—at 60 cents. Our assortment of Fancy Crackers and Candies.
